

ERIS DIRECT

THE FASTEST WAY TO IDENTIFY ENVIRONMENTAL RISK

ERIS DIRECT is an **ONLINE SUBSCRIPTION SERVICE** that provides real-time environmental risk information for properties throughout the US and Canada. Searches can be performed on individual addresses and/or company names, and results are returned immediately. Easy filtering tools allow you to drill down to the information you want to include in your choice of file output.

Super-fast, any-time access to risk information across the US and Canada

ERIS Direct is the new industry standard in collecting and reporting environmental data about properties in the US and Canada. Gain immediate access to millions of records from federal, state, local and tribal sources. No waiting—anytime access to clearly presented information with flexible reporting functionality delivered in seconds.

Package Options
